

About Us :

rsQr Architects is a one stop Interior Architecture firm dedicated to the objective of creating interior environments that define industry benchmarks for design innovation and project delivery. Driven by the passion for innovation and thereafter institutionalize values of 'Experience Design', the firm employs various new methods such as 'New Media Design' to infuse dynamism into spaces. Applicable to both exterior and interior spaces it hoped that these values will promote the genesis of a new typology (which is beyond the scope of a mere functional approach) of spaces for our clients.

Being a conglomerate of architects, planners, interior design and engineering consultants we are working in the field for more than eight years. Based out of NCR, we have designed / & executed over 80 projects from all varied niches viz, corporate, commercial, residential, and institutional.

Team :

To give our ideas a tangible shape, we have a team of highly skilled technical staff and enthusiastic workers, who not only understand and hold in high esteem our values for quality, price and time management, but also appreciate the importance of client satisfaction.

Services Offered :

We offer a range of services to the clients. **These include architectural & interior design consultancy, Interiors Execution, MEP Services Consultancy, Project management and all engineering services viz. project estimation, costing, property and land evaluation.** We have on panel high end consultants to design and carry out electrical, plumbing, HVAC, acoustic and lighting work. We have developed in house modules and methods to make sure that time is saved and quality is not compromised at the time of execution. Our experience of working for large corporates in time bound scenarios has helped in fine-tuning our ability to complete projects in timely fashion. Our in house engineering and other support staff insure that we have a strong technical back up. Hence, the firm takes up large turnkey projects and has good experience in such projects.
